Thank you Michael! These are great talking points! You captured items well and accurately. I  
Thank you also for forwarding to me the updated TRAR briefing that Peter gave Michelle.

I was in Lacy all day in our MB IRT meeting.

Best,

Linda

**High Tide Line:**

# Ex. 5 - Deliberative Process

- General Spellmon responded to the Governor's letter in writing in January with a

request to meet with the state to discuss options for how to protect shoreline habitat above the Corps' jurisdiction. EPA and NOAA have requested to attend that meeting.

- ☐ ☐ ☐ ☐ ☐ ☐ Reminder that EPA and NOAA would have extensive role in helping the Corps implement both a change to the datum used to determine high tide line as well as carry out additional protective actions identified in the report.
